

North Coast Information & Referral for Small Businesses

North Coast SBDC Referral List—Federally Prohibited Businesses

While all are welcome to SBDC's workshops, we deeply regret that the North Coast SBDC is unable to directly assist you to start and grow through one-to-one business consulting. Our oversight body—the Small Business Administration—has informed us that your business falls into that grey area of businesses providing a legal product or service in the state of California, but associated closely or directly with an industry prohibited by federal law. Since both the SBA and SBDCs exist through federal mandate—we are forbidden to provide support without risking a shut-down.

Below is a list of paid consultants and contractors who have agreed to be part of this referral list. You can select and contract directly with the person of your choice based on your needs and judgment of their ability to help you.
